Gauteng, South Africa
8-10 December 2023

“PSYCH-K® is a ‘user friendly’ way to rewrite the software of your mind in order to change the printout of your life”. **PSYCH-K®**
Originator Rob Williams M.A.

“The ‘secret of life’ is BELIEF. Rather than genes, it is our subconscious and conscious beliefs that control our lives. **PSYCH-K®** is a set of simple, self-empowering processes to change your beliefs and perceptions that impact our lives at a cellular level.”
Dr. Bruce H. Lipton. Ph.D.
Author of The Biology of Belief.

“Our subconscious mind implores us to perceive life through the programmed perceptions of our early childhood. **PSYCH-K®** is the missing Peace/Piece to change that.”
Elma Rivera Psych-K Instructor

What if we realise that we need not be victims of circumstance and that we have all the tools we need to change our reality?

What if us as a beautiful nation have the ability to access the one resource – our minds – to change our thinking which in turn will change our lives in a constructive, positive sustainable way?
